Cσnductivity Website — §10 Our Model and Our Philosophy

Checklist · 22 October 2026 · Page: Our Model (localhost:3000/our-model)

10.1 The idea behind Conductivity

	Item	Where it is
✓	Organizations turn people, knowledge, processes and resources into results; people give them the capability to act; ideas, learning, motivation, direction and opportunity shape it *(wording added 22 Oct)*	"The idea behind Conductivity"
✓	Role statement: improve the connection between human potential, organizational capability and value creation *(added 22 Oct)*	Same section, red-bar line
✓	Explained in plain business language ("the right people in the right roles, ready to perform, and still growing")	Same section

10.2 What a True Talent Company means

	Item	Where it is
✓	All five principles (talent is more than a CV · develops through experience, learning, mentorship, opportunity · depends on organizational context · shared responsibility · relationships over transactions)	"What we believe about talent"
✓	Used as a thought-leadership manifesto	"Our manifesto" dark section at the bottom

10.3 What distinguishes Conductivity

	Item	Where it is
✓	All six comparisons, conventional approach vs Conductivity's approach, with column labels *(labels added 22 Oct)*	"A different starting point"
✓	Claims stay consistent with what can be shown: no statistics, logos or case studies until approved (placeholders mark these)	Across the site

> **For the team:** the 10.1 wording is new. Please review it and adjust the tone if needed.
