# Cσnductivity Website — §19 Ownership and Monthly Review

Checklist and operating guide · 26 October 2026

**Done** = the website supports this role now **Partly** = website ready; needs a name, an account or team adoption

> **How the site enforces ownership:** every form is routed to the team that owns it ( `src/lib/crm.ts` ), each team gets its own alert inbox and lead owner (settings in `.env.example` ), and content is edited by staff in Sanity Studio, not by the website partner. **New (26 Oct):** talent requests for assessments, readiness programs or mentoring now also alert **Learning & Career Development** ( `NOTIFY_LEARNING` ).

## Who owns what on the website

| PARTLY | **Talent Operations** | Candidate engagement, readiness, recruitment and deployment: For Talent, Opportunities | Talent registrations ( `NOTIFY_TALENT` , `CRM_OWNER_TALENT` ) | CRM Talent Pipeline (restricted access); Sanity (opportunities) |
| PARTLY | **Learning & Career Development** | Assessments, programs, mentoring and career content: Talent sub-pages (Assessments, Readiness, Mentorship), Events, Career Intelligence articles | **New:** talent requests for assessments, programs or mentoring ( `NOTIFY_LEARNING` ) | CRM Readiness Activities; Sanity (events, career articles) |
| DONE | **Technology / Website Partner** | UX, code, CMS setup, security, integrations and maintenance; not content | — | Code repository, Vercel, Sanity project admin, integration settings |
| PARTLY | **Management** | Commercial priorities, monthly review, resources; approves response times and publishing cadence (Launch Operations Pack) | Data requests escalate to the Data Protection owner ( `NOTIFY_PRIVACY` ) | CRM dashboards, GA4 reports |

## Monthly website review (60 minutes)

**Attendees:** Management (chair), Marketing & Brand, Business Development, Talent Operations, Learning & Career Development; Founder quarterly. **Prepared by:** Marketing, from the CRM dashboards and GA4 (KPI definitions in `src/lib/metrics.ts`).

| Question (§19) | Presented by | KPIs to bring | Source |
|---|---|---|---|
| **1. What demand are we generating?** | Marketing + Business Development | Qualified employer inquiries · consultation bookings · conversion rate by audience · channel-to-qualified-lead · content-assisted inquiries · cost per qualified lead | GA4 + CRM Employer dashboard |
| **2. What talent are we attracting?** | Talent Operations + Marketing | Relevant talent registrations (by career stage) · completed profiles · form completion rate · returning visitors to talent pages | GA4 + CRM Talent dashboard |
| **3. What relationships are progressing?** | Business Development + Talent Operations | Proposal opportunities and value · proposal-to-client conversion · readiness assessments · training and mentoring participation · interviews and deployments · partnership proposals | CRM dashboards |
| **4. What outcomes are being created?** | Learning & Career Development + Business Development | Verified readiness milestones · post-placement outcomes (3/6/12 months) · repeat employer requirements · approved stories ready to publish as case studies | CRM + evidence files |

## Agenda and outputs

| Minutes | Item | Output |
|---|---|---|
| 0–10 | Last month's actions: done or not | Carry-over list |
| 10–40 | The four questions above (about 7 minutes each) | One insight and one decision per question |
| 40–50 | Lead response health: any leads past their response target? Data requests open? | Named fixes |
| 50–60 | Next month: content calendar, campaigns, priorities, resources | Action list with owner and date, shared the same day |

**To complete §19:** (1) name one person per function and add them as lead owners and alert inboxes in Vercel (`CRM_OWNER_*`, `NOTIFY_*`); (2) give Marketing, Talent Operations and Learning & Career Development editor access in Sanity, and the website partner admin access only; (3) book the monthly review as a recurring meeting; (4) management approves the response times and publishing cadence in the Launch Operations Pack.
