Cσnductivity Website — §6 Homepage Brief

Checklist · updated 22 October 2026 · All sections done · Page: Home (localhost:3000/)

Homepage sections, top to bottom

	Section	What is on the page
✓	1. Hero	Eyebrow, headline, subheading, two buttons, supporting line with red dividers; ecosystem visual (organizations and people connected to Conductivity, photo frames ready for real photos) and five-stage pipeline strip
✓	2. Two sides, one purpose	Two balanced panels: For Organizations and For Individuals, each with its button
✓	3. The Talent Pipeline	Interactive five-stage cycle; click a stage for its description; link to Our Model
✓	4. Our Solutions	Six solution cards, each with a short description, audience tag and link
✓	5. Talent Readiness	Career discovery → … → Opportunity readiness steps; space for active programs
✓	6. Why Conductivity?	Four differentiators
✓	7. Talent Pathways	Five sectors, each marked "status to be confirmed" until active
✓	8. Impact & Evidence	Seven evidence slots, no statistics until verified
✓	9. Knowledge & Insights	Large red lead article (employer intelligence) and two article cards (career readiness, future of work), each linked to its Insights area; blue newsletter panel with three "I am" buttons
✓	10. Final Conversion	Heading and tagline on the left; three action cards (employers, individuals, partners) on the right, each leading to its form

The four first-glance questions

	Question	Answered by
✓	What is Conductivity?	Hero eyebrow and headline
✓	Who does it serve?	Hero visual (organizations and people) and the two hero buttons
✓	What does it deliver?	Hero subheading and supporting line
✓	What should I do next?	Hero buttons

Content still to supply before launch: authentic photography for the hero; real programs (section 5), active pathways (section 7), approved stories (section 8) and original articles (section 9).
