Cσnductivity — Homepage Review Guide (§6)

Updated 22 October 2026 · Page: localhost:3000/ · Sections listed top to bottom

> **How to use:** open each section's link (it jumps straight to that section), or scroll down the Home page in order. Tick each box as you check it. "→" shows where a button goes. On the live site, replace *localhost:3000* with your domain.

1. Hero

localhost:3000/#hero

Very top of the page, white background.

- [ ] Small red label: THE TALENT PIPELINE COMPANY
- [ ] Headline: "Talent Ready for Opportunity. Organizations Ready for Talent." (second sentence in red)
- [ ] Subheading: "We connect the world of work with the world of talent…"
- [ ] Button **Build Your Talent Pipeline** → For Employers consultation form
- [ ] Button **Explore Your Career Path** → For Talent registration form
- [ ] Supporting line with red dividers: Talent Intelligence | Career Readiness | Recruitment | Workforce Development | Global Opportunities
- [ ] Right side visual: two "Organizations" photo frames and two "People" photo frames joined to a red Conductivity circle by moving lines
- [ ] Under the visual: "Employer demand ↔ Conductivity ↔ Individual potential" and a five-stage strip (Understand → Sustain) with glowing steps

To supply: four authentic professional photos (no handshake photos) for the frames.

2. Two sides, one purpose

localhost:3000/#two-sides

Light grey background, heading "Talent Has Two Sides. We Work on Both."

- [ ] Left panel "For organizations": "The talent you need. The capability your business demands." + text
- [ ] Button **Explore Employer Solutions** → For Employers page
- [ ] Right panel "For individuals": "The career you imagine. The readiness it requires." + text
- [ ] Button **Explore Talent Solutions** → For Talent page
- [ ] Both panels the same size and balanced

3. The Talent Pipeline

localhost:3000/#pipeline

White background, heading "We Do More Than Fill Vacancies."

- [ ] Text: "Hiring is an event. Talent development is a process. A sustainable talent pipeline connects both."
- [ ] Circle with 5 stages: Understand → Discover → Prepare → Connect → Sustain, joined by arrows
- [ ] Click each stage: a short description appears beside the circle
- [ ] Link to the full model → Our Model page

4. Our Solutions

localhost:3000/#solutions

Light grey background, heading "Solutions Across the Talent Lifecycle". Six cards; each has a short description, a blue audience tag and opens its page.

- [ ] Talent Intelligence & Workforce Planning → Talent Pipeline Development
- [ ] Talent Identification & Recruitment → Recruitment
- [ ] Career Intelligence & Professional Assessments → Career Intelligence & Counselling
- [ ] Talent Readiness & Capability Development → Talent Readiness & Development
- [ ] Global Talent Access & Mobility → Global Talent Access & Mobility
- [ ] HR, Organization Development & Talent Continuity → Workforce & HR Advisory

5. Talent Readiness

localhost:3000/#readiness

White background, heading "Potential Is Important. Readiness Makes the Difference."

- [ ] Short description of moving from aspiration to demonstrated capability
- [ ] Steps: Career discovery → Assessment → Skill development → Mentoring → Evidence of capability → Opportunity readiness
- [ ] Button **Start Your Career Readiness Journey** → For Talent page
- [ ] Dashed box reserved for active programs and cohorts

To supply: current readiness programs when scheduled.

6. Why Conductivity?

localhost:3000/#why-conductivity

Dark background, heading "Because Talent Cannot Be Understood from One Side Alone."

- [ ] Dual perspective
- [ ] Capability before placement
- [ ] Organizational understanding
- [ ] Continuity beyond hiring

Later: support with evidence and case studies as they become available.

7. Talent Pathways

localhost:3000/#pathways

White background, heading "Building Talent Pipelines for the Work That Matters."

- [ ] Five sector cards: Finance, Accounting & Professional Services · Human Resources & Business Operations · Technology, Data & Digital Work · Leadership & Management · International and Remote Professional Services
- [ ] Each marked "Placeholder · status to be confirmed" until management confirms it is active

To decide: which pathways are active (the label then disappears).

8. Impact & Evidence

localhost:3000/#impact

Light grey background, heading "From Talent Potential to Organizational Value."

- [ ] Seven evidence slots: client projects · readiness achievements · training outcomes · talent deployments · employer feedback · career progression stories · approved partnerships
- [ ] No impact statistics shown

To supply: documented, approved stories.

9. Knowledge & Insights

localhost:3000/#insights

White background, heading "Understanding Talent. Anticipating Work."

- [ ] Large red lead card: workforce planning (employer intelligence)
- [ ] Two white cards on the right: CV mistakes (career readiness) and skills that last (future of work)
- [ ] Each card shows topic, date, summary and "Read more →", and opens its area on the Insights page
- [ ] Link **All insights →** at the top right → Insights page
- [ ] Blue newsletter panel with three "I am" buttons (Employer / HR leader, Student / professional, Institution / partner)
- [ ] Line under the buttons says what that group receives; email box and red Subscribe button

To supply: original articles to replace the three samples; newsletter needs connecting to an email service.

10. Final Conversion

localhost:3000/#get-started

Red band at the bottom. Left: "Get started" label, heading "A Stronger Talent Future Starts with Better Connections." and three tagline pills. Right: three white action cards.

- [ ] For employers (blue icon): "Tell us what talent your business needs." → employer consultation form
- [ ] For individuals (red icon): "Discover how to build your readiness for opportunity." → talent registration form
- [ ] For partners (dark icon): "Explore how we can develop talent together." → partner form
- [ ] Tagline pills under the heading: Readiness · Opportunities · Success

Overall: the four first-glance questions

- [ ] What is Conductivity? → hero label and headline
- [ ] Who does it serve? → hero visual (organizations and people) and the two hero buttons
- [ ] What does it deliver? → hero subheading and supporting line
- [ ] What should I do next? → hero buttons
